FORWARD-LOOKING STATEMENTS

Caution Regarding Forward-Looking Statements

From time to time Home Capital Group Inc. (the "Company" or "Home Capital") makes written and verbal forward-looking statements. These are included in the Annual Report, periodic reports to shareholders, regulatory filings, press releases, Company presentations and other Company communications. Forward-looking statements are made in connection with business objectives and targets, Company strategies, operations, anticipated financial results and the outlook for the Company, its industry, and the Canadian economy. These statements regarding expected future performance are "financial outlooks" within the meaning of National Instrument 51-102. Please see the risk factors, which are set forth in detail on pages 28 through 38 of the Company's 2008 Annual Report, as well as its other publicly filed information, which may be located at www.sedar.com, for the material factors that could cause the Company's actual results to differ materially from these statements. These risk factors are material risk factors a reader should consider, and include credit risk, liquidity and funding risk, structural interest rate risk, operational risk, investment portfolio risk, strategic business risk, reputational risk, regulatory and legal risk, along with additional risk factors that may affect future results. Forward-looking statements can be found in this Annual Information Form and in the **Report to Shareholders** and the **Outlook Section** in the 2008 annual report. Forward-looking statements are typically identified by words such as "will," "believe," "expect," "anticipate," "estimate," "plan," "may," and "could" or other similar expressions.

By their very nature, these statements require us to make assumptions and are subject to inherent risks and uncertainties, general and specific, which may cause actual results to differ materially from the expectations expressed in the forward-looking statements. These risks and uncertainties include, but are not limited to, global capital market activity, changes in government monetary and economic policies, changes in interest rates, inflation levels and general economic conditions, legislative and regulatory developments, competition and technological change. The preceding list is not exhaustive of possible factors.

These and other factors should be considered carefully and readers are cautioned not to place undue reliance on these forward-looking statements. The Company does not undertake to update any forward-looking statements, whether written or verbal, that may be made from time to time by it or on its behalf, except as required by securities laws.

Assumptions about the performance of the Canadian economy in 2009 and how it will affect Home Capital's business are material factors the Company considers when setting its objectives. In determining our expectations for economic growth, both broadly and in the financial services sector, we primarily consider historical economic data provided by the Canadian government and its agencies. In setting performance target ranges for 2009, management's expectations assume:

- The Canadian economy will contract in the first half of 2009, with fragmented growth prospects across the country, and interest rates and inflation will remain low;
- Canadian capital markets will improve somewhat in the second half of 2009;
- A declining interest rate environment supported by stable inflation, driven by lower demand for commodity and energy goods;
- Sound credit quality with actual losses within Home Capital's historic range of acceptable levels; and
- A compressed net interest margin, reduced prime lending rates, comparatively lower investment returns reflecting the Company's shift to high quality assets held in the security and liquidity portfolio, and the Company's higher liquidity levels maintained in response to uncertainty in the capital markets.

CORPORATE STRUCTURE

Name, Address and Incorporation

On December 12, 1979, Sonor Petroleum Corporation, a predecessor company to Home Capital Group Inc. was continued under the *Canada Business Corporations Act*. On March 21, 1986, under new management, the name of Sonor Petroleum Corporation was changed to Sonor Resources Corporation (a virtually inactive energy company) and, on December 31, 1986, was further changed to Home Capital Group Inc. On July 18, 1988, Home Capital was continued under the *Business Corporations Act* (Ontario). The Company's registered and principal office is located at 145 King Street West, Suite 2300, Toronto, Ontario, M5H 1J8.

Intercorporate Relationships

Home Capital is a public company that primarily operates through its 100% wholly owned subsidiary Home Trust Company (Home Trust), previously known as Home Savings & Loan Corporation. Home Savings & Loan Corporation was incorporated on September 28, 1977 under the *Loan and Trust Corporations Act* (Ontario). On March 9, 2000, Letters Patent of Continuance were issued authorizing Home Savings & Loan Corporation to carry on business as Home Trust Company under the *Trust and Loan Companies Act* (Canada). By Amending Letters Patent dated May 8, 2007, the French name of Home Trust Company was changed from Société de Fiducie Home to Compagnie Home Trust. On October 29, 2007, the Company acquired 100% of the issued and outstanding common shares of Payment Services Interactive Gateway Corp.

GENERAL DEVELOPMENT OF THE BUSINESS

Three Year History

Home Capital is a publicly traded corporation on the Toronto Stock Exchange (TSX) whose principal asset is its wholly owned subsidiary, Home Trust. Home Trust is a federally regulated trust company offering deposit, mortgage lending, securitization of insured residential first mortgages, retail credit and payment card services. Home Trust is licensed to conduct business across Canada, with offices in Ontario, Alberta, British Columbia, Nova Scotia and Quebec. From 2005 to 2008, Home Capital's total assets grew by \$2.52 billion from \$3.28 billion to \$5.81 billion at December 31, 2008. The Company also administers mortgage assets that have been securitized through the Company's Mortgage-Backed Securities (MBS) program. The total assets administered through this program amounted to \$2.61 billion at December 31, 2008.

Highlights of the Last Three Years

Fiscal 2006

The Company's overall asset base experienced strong double-digit growth in 2006. From January 1, 2004 to December 31, 2006, the Company's total assets grew by \$2.00 billion, from \$1.90 billion to \$3.90 billion. Total assets, including assets under administration through the MBS program, for the period January 1, 2004 to December 31, 2006 grew by \$2.80 billion from \$2.21 billion to \$5.01 billion.

Early in 2006, the Company announced a change to its *Visa* products with the re-launching of the Equity Plus *Visa* as Equityline *Visa*, providing clients with a *Visa* Gold product. This switch proved to be financially beneficial to the Company as this product grew to account for \$152.7 million of the outstanding *Visa* balance at December 31, 2006.

Late in 2006 after considerable analysis and evaluation, Home Trust commenced mortgage warehouse lending, wherein the Company lends a percentage of the face value of high-quality real estate loans and then carries the loans for a short period. The Company chose to enter the market to utilize excess borrowing capacity in a manner that compliments its existing skills and market reach.

Fiscal 2007

The Company's overall asset base experienced strong growth. From January 1, 2005 to December 31, 2007, the Company's total assets grew by \$2.40 billion to reach \$4.97 billion. Total assets, including assets under administration through the Company's MBS program, for the period January 1, 2005 to December 31, 2007 grew by \$3.36 billion, from \$3.07 billion to reach \$6.43 billion.

The Company completed the acquisition of Payment Services Interactive Gateway Corp. (PSiGate) and commenced the process of integrating PSiGate's operations to complement the Company's Visa card services line of business. As a result of this acquisition, Home Trust now offers payment processing services to internet-based merchants.

Fiscal 2008

The Company's overall asset base continued a trend of double-digit growth. From January 1, 2006 to December 31, 2008, the Company's total assets grew by \$2.52 billion to reach \$5.81 billion. Total assets, including assets under administration through the Company's MBS program, for the period January 1, 2005 to December 31, 2007 grew by \$4.33 billion, from \$4.09 billion to reach \$8.42 billion.

Following extensive analysis and evaluation, the Company launched a new mortgage initiative during the second quarter. Home Trust's Accelerator Program offers a full range of insured mortgage products to a broad customer base, including individuals who have traditionally been served by larger financial institutions. Management believes that a lender with Home Trust's skills and expertise can effectively compete in this marketplace, and that this suite of products will position Home Trust as a "one stop shop" for mortgage brokers, expanding the Company's penetration into the broker network. As with all new opportunities, the Company is taking a prudent approach to developing this business. Although the spread for this product is less than our regular mortgage business, management anticipates being able to issue and sell through securitization all of the mortgages originated under this program.

The Company had another strong year in securitization activities. The Company securitized residential mortgage loans of \$1.50 billion of Canada Mortgage and Housing Corporation insured residential mortgages. This represents an increase of \$806.5 million over the \$692.3 million in MBS pools that were issued for the same period in 2007. The securitization gains were \$61.3 million for the twelve-month period of 2008, compared to \$22.8 million for the comparable twelve-month period of 2007. In 2008, the Company began diversifying the MBS pools issued to include MBS pools with a maturity under one year and multi-unit residential pools.

The Board of Directors approved a Normal Course Issuer Bid, commencing on August 1, 2008. From time to time, the market price of the Company's shares do not fully reflect the value of its business and future prospects and as such the purchase of outstanding shares may represent an appropriate use of the Company's available funds. As at December 31, 2008 the Company repurchased 108,400 shares at a cost of \$3.0 million.

Significant Acquisitions During Last Fiscal Year

There were no significant acquisitions (within the meaning of such term under Part 8 of National Instrument 51-102) or dispositions that occurred during the year ended December 31, 2008.

DESCRIPTION OF THE BUSINESS

General

The principal business of Home Capital is conducted through its wholly owned subsidiary, Home Trust, a federally regulated financial institution that provides deposit services, mortgage lending, securitization of insured residential first mortgages, payment card services and retail lending. Home Trust focuses on providing residential first mortgages to borrowers that fail to meet all of the

major banks' lending requirements. At December 31, 2008, Home Trust operated through five branches located in Toronto, Calgary, Vancouver, Halifax and Montreal. At that date 395 full-time staff were employed.

Competition

Home Capital competes with regulated and unregulated mortgage lenders such as Canadian chartered banks, insurance companies, other financial institutions and other lenders who provide mortgage financing in the single family dwelling, multi-unit residential and commercial mortgage lending segments as well as in the raising of deposits, namely guaranteed investment certificates, registered retirement savings plans and registered retirement income funds and short-term certificates. Further, the Company competes against regulated financial institutions that provide payment card services.

Mortgage Lending

Residential Mortgage Lending

Home Trust's principal line of business continues to be mortgage lending on residential properties that is primarily funded by retail deposits. Home Trust's core residential offering is fixed rate mortgages with terms up to five years. At December 31, 2008 the composition of the total mortgage portfolio was 79.8% residential and 20.2% non-residential, compared to a composition of 87.2% residential and 12.8% non-residential one year ago. The composition is well within the internal policy limits approved by the Company's Risk and Capital Committee. Within the Company's residential mortgage portfolio, 14.6% of the loans were insured by Canada Mortgage and Housing Corporation (CMHC) at the end of the year, compared to 5.4% one year ago. First mortgages represented 99.7% of the total mortgage portfolio at December 31, 2008. Home Trust's residential borrowers primarily consist of self-employed individuals, individuals with a short or limited credit history and individuals with some impairment in their credit history. These borrowers are referred through an extensive mortgage broker network, from other financial institutions as well as current customers of Home Trust.

It is Home Trust's policy to set large credit risk limits on our residential mortgages as follows:

- The aggregate exposure of Home Trust to any entity or a connection shall not exceed the lesser of \$7.5 million or 2.5 percent of total regulatory capital without the approval of an independent member of the Risk and Capital Committee;
- The total aggregate exposure to any entity or connection is not to exceed the lesser of \$15.0 million or 5 percent of total regulatory capital without the approval of both the Risk and Capital Committee and the Board of Directors; and
- The CEO or President may approve transactions subject to the level of authority delegated to them by the Board of Directors.

Management regularly reviews portfolio concentrations within defined geographic areas, dwelling types and mortgage priority to ensure that Home Trust is not overexposed in any particular area.

Home Trust continues to be an active participant in the residential mortgage securitization market securitizing pools of residential mortgages, insured by CMHC. These residential mortgages originated by Home Trust or sourced through a third party are pooled, securitized and issued to investors as CMHC-insured MBS. Interest is paid to the investors at the coupon rate stated on the MBS. The Company retains an ongoing interest in the net future cash flows of the MBS (the difference between the weighted-average mortgage rate and the MBS coupon rate, less a normal servicing fee and an estimated principal pay down). At the time of sale of the MBS, the Company values the ongoing interest based on management's best estimate of the net present value of the future net cash flows to be received from the pool and recognizes a gain on the sale of the MBS. The net present value of all future net cash flows to be recovered is recorded on the balance sheet

as securitization receivables. The Company also participates in the Canada Mortgage Bond program sponsored by CMHC and administered through Canada Housing Trust. This program provides the Company with an alternate distribution channel to diversify its funding stream for MBS pools. In 2008 the Company continued to diversify its MBS program by securitizing shorter term pools and multi-unit residential mortgage pools. At the time of sale, the short-term and multi-unit residential pools required management to reassess the unscheduled prepayment assumption in determining the net present value of the future cash flows as the short term pools were substantially through their prepayment cycle and the multi-unit residential pools restricted unscheduled prepayments. The summary of the key underlying assumptions on these pools can be found on page 15 of the 2008 Annual Report. As at December 31, 2008, the assets under administration for these programs amounted to \$2.61 billion and the securitization receivable was \$139.9 million. Additional information regarding the Company's securitization activities can be found in Note 6 of the Notes to the Consolidated Financial Statements on pages 59 and 60 of the 2008 Annual Report.

In late 2003 Home Trust entered into an arrangement with Regency Finance Corp. (Regency), a Canadian company based in Toronto. Home Trust is Regency's exclusive agent in offering second mortgage loans to homebuyers. This product provides financing to borrowers who require additional purchase financing or who wish to refinance their residential property at greater than 80% of the current market value. Home Trust earns administration and servicing fee revenue, which is reported under fee income in the mortgage and deposit segment of the business. These mortgage loans are then securitized into pools. Home Trust purchases these pools and collects interest income. As at December 31, 2008 these purchased pools amounted to \$72.5 million and are recorded on the consolidated balance sheet as Secured Loans. In 2008 these Secured Loans earned an average yield of 6.5%. In the fourth quarter of 2008, the Company made a strategic decision to cease lending under this program. Customers who would have qualified under this program will be introduced to the Accelerator Program.

Commercial Mortgage Lending

The Company continued diversifying its mortgage lending in 2008 with modest growth in commercial mortgage lending. These mortgages are recorded under "Other Mortgages" on the consolidated balance sheet. The approval of commercial mortgage applications requires a formally documented determination of the realizable value of the property as well as an assessment of the borrower's capacity and willingness to pay the mortgage. In order to mitigate the risks resulting from portfolio overexposure, underwriting decisions are subject to the constraints of predetermined and approved portfolio concentration limits.

The majority of Home Trust's commercial mortgage business is derived from a select group of well-respected and established commercial mortgage brokers. Industry reputation and a clear understanding of our lending standards are critical in our selection of brokers.

Home Trust has set exposure limits covering at a minimum exposures to connected accounts, exposures to property type segments and exposures to geographic regions.

Management regularly reviews commercial mortgage lending portfolio concentrations within defined geographic areas and property types to ensure that Home Trust is not overexposed in any particular area.

Mortgage activities accounted for 82.0% of the consolidated total revenue and 73.4% of the Company's consolidated net income for the year ended December 31, 2008. This compares to 80.3% and 68.7% for fiscal 2007 and 83.3% and 74.4% for fiscal 2006. Lending activities and the maintenance of loans also generated fee income. The major expense was the interest paid on the deposits held, which represented 77.2% of total expenses at December 31, 2008, 76.3% of total expenses at December 31, 2007 and 73.6% of total expenses at December 31, 2006.

Deposits

Home Trust is a federally regulated deposit taking institution and is a member of the Canada Deposit Insurance Corporation. Deposits are raised through deposit brokers, including both independent agents and the investment arm of larger financial institutions, or directly through the Toronto branch. Home Trust takes deposits in the form of short-term deposits, guaranteed investment certificates, registered retirement savings plans and registered retirement income funds. Effective January 1, 2009 Home Trust is also offering deposit customers tax free savings accounts. The deposit funds are then invested into the Company's loans portfolio with any excess deployed to invest in the Company's liquidity or securities portfolio.

Consumer Lending

Home Capital broadened its product offerings with the introduction of the Home Trust *Visa* credit card late in 2000. In March 2002, Home Trust launched a new *Visa* product, the Equity Plus *Visa* card and discontinued accepting new unsecured accounts. The Equity Plus *Visa* product allowed homeowners to use their home equity as collateral to obtain credit from \$10,000 to \$250,000. These credit cards are subject to the same lending policies as set out in the mortgage lending operation of Home Trust with the exception of the loan-to-value limits for the total loan amount. In the first quarter of 2006, the Company re-launched the Equity Plus *Visa* as the Home Trust Equityline *Visa*. Equityline *Visa* combines the flexibility of a secured line of credit with the convenience of *Visa* and the added benefits of a Gold card with no annual fee. At December 31, 2008, 8,891 cards have outstanding authorized credit of \$399.8 million, compared to December 31, 2007 with 8,290 cards for authorized credit of \$373.3 million and December 31, 2006 with 6,560 cards for authorized credit of \$272.8 million.

At December 31, 2008 the personal loan portfolio increased to 5,846 accounts from 5,029, at December 31, 2007. This increase was primarily driven from the Company's decision to begin offering loans in the home improvement business that has seen positive growth in 2008. The loans continue to be sourced through retailers that are well established in their respective industries. The Company will maintain and service existing accounts with these retailers.

Credit cards and retail credit services are products that have been developed to provide diversification in the Company's revenue stream. The businesses made up 11.4% of the consolidated total revenue and 17.5% of the Company's consolidated net income for the year ended December 31, 2008. This compares to 11.4% and 16.7% for the year ended December 31, 2007 and 9.8% and 15.0% for the year ended December 31, 2006.

Other

Other corporate activities of the Company involve the investment of surplus deposits into securities and cash resources for liquidity management, providing other interest income and dividend income. This contributed 6.6% of the consolidated total revenue earned by the Company and 9.1% of the consolidated net income at December 31, 2008. This compares to 8.3% and 14.5% for the year ended December 31, 2007 and 6.9% and 10.6% for the year ended December 31, 2006. The overall contribution will fluctuate with the overall returns on the Company's portfolio.

Risk Factors

The Company, through its wholly owned subsidiary Home Trust, like other financial institutions, is exposed to a broader number of risks that the Company has identified in the enterprise risk management framework. These risks include credit, liquidity, structural interest rate, operational, investment portfolio, strategic and business, reputational and regulatory and legal risk. This framework outlines appropriate risk oversight processes and the communication, reporting and monitoring of key risks that could impact the achievement of the Company's business objectives and strategies.

Explanations of the types of risks cited above and the way in which the Company manages these risks can be found beginning on page 28 of Management's Discussion and Analysis (MD&A) in the 2008 Annual Report, which is incorporated herein by reference. The Company cautions that the preceding discussion of risks is not exhaustive. When considering whether to purchase Common

Shares of the Company, investors and others should carefully consider these factors as well as other uncertainties, potential events and industry and Company specific factors that may impact the Company's future results.

DIVIDENDS

Dividends are payable on the Common Shares of the Company if and when declared by the Board of Directors.

During the year ended December 31, 2008, the Company paid or made payable dividends totaling \$0.50 per Common Share as compared to \$0.44 and \$0.31, for fiscal 2007 and 2006, respectively.

DESCRIPTION OF CAPITAL STRUCTURE

General Description of Capital Structure

The authorized capital of the Company consists of an unlimited number of Common Shares, an unlimited number of Senior Preferred Shares and an unlimited number of Junior Preferred Shares. As at December 31, 2008, 34,433,590 Common Shares were issued and outstanding. No Senior Preferred Shares or Junior Preferred Shares were issued or outstanding on December 31, 2008.

Each Common Share carries one vote per share in respect of each matter to be voted on at a meeting of the shareholders. The Senior Preferred Shares and Junior Preferred Shares carry no votes in respect of matters to be voted upon at the meeting except where otherwise required by law.

The Common Shares of the Company are listed on the Toronto Stock Exchange (TSX) under the symbol HCG.

Ratings

The Company has a contractual relationship with both Standard & Poor's (S&P) and Fitch Rating (Fitch) for the provision of credit rating information. Management of the Company meets with these agencies at least annually and shares with them the Company's latest financial projections and business plan assumptions.

Information regarding the ratings assigned by credit rating agencies can be found in the tables below and on page 28 of the 2008 Annual Report. The following is the complete list of ratings assigned to both the Company and Home Trust:

	Home Capital Group Inc.		Home Trust Company	
	Standard & Poor's	Fitch Rating	Standard & Poor's	Fitch Rating
Long term rating	BBB-	BBB-	BBB	BBB-
Short term rating	A-3	F3	A-2	F3
Outlook	Stable	Positive	Stable	Positive

Ratings and other opinions issued by the credit rating agencies are statements of opinion and not statements of fact as to creditworthiness or recommendations to buy, sell or hold securities and may be subject to revision or withdrawal at any time by the rating organization. The rating outlook of "Stable" indicates that the rating is not likely to change. A rating of "Positive", "Stable" or "Negative" is provided to help give an investor an understanding of the rating agency's opinion regarding the outlook for the rating in question. However, the investor must not assume that a positive or negative trend necessarily indicates that a rating change is imminent. During 2008, S&P re-affirmed the ratings and outlooks for Home Capital and Home Trust. Similarly, Fitch reaffirmed the ratings and outlooks for both companies in early 2009.

S&P

Long-term rating

An obligor rated 'BBB' has adequate capacity to meet its financial commitments. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitments. The "+" or "-" symbols show relative standing within the rating category.

Short-term rating

An obligor rated 'A-3' has adequate capacity to meet its financial obligations. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitments. An obligor rated 'A-2' has satisfactory capacity to meet its financial commitments. However, it is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligors in the highest rating category.

Fitch

Long-term rating

Good credit quality. 'BBB' ratings indicate that there are currently expectations of low credit risk. The capacity for payment of financial commitments is considered adequate but adverse changes in circumstances and economic conditions are more likely to impair this capacity. This is the lowest investment grade category. The modifiers "+" or "-" may be appended to a rating to denote relative status within major rating categories.

Short-term rating

Fair credit quality. The capacity for timely payment of financial commitments is adequate; however, near term adverse changes could result in a reduction to non-investment grade.

APPENDIX "A" MANDATE OF THE AUDIT COMMITTEE

Home Capital Group Inc. Audit Committee Charter

1.0 Overall Role and Responsibility

The Audit Committee shall assist the Board of Directors ("Board") in the Board's oversight role with respect to:

- (i) the quality and integrity of financial information;
- (ii) the external auditor's performance, qualifications and independence;
- (iii) the performance of the Corporation's internal audit function; and
- (iv) oversight of complaints with respect to accounting and auditing matters.

2.0 Membership

The Audit Committee shall consist of three or more Directors appointed annually by the Board. Members of the Audit Committee shall serve at the pleasure of the Board for such term or terms as the Board may determine.

Each of the members of the Audit Committee shall satisfy the independence standards established by the Board and the applicable independence requirements of the laws governing the Corporation.

The Board shall appoint one member of the Audit Committee as the Committee Chair.

Each member of the Audit Committee shall be financially literate, in accordance with applicable regulatory requirements, or agree to become financially literate within a reasonable time of appointment.

3.0 Meetings

The Audit Committee shall meet as often as the Audit Committee determines, but not less frequently than four meetings annually.

The quorum for meetings of the Committee shall be two (2) of its members.

The affirmative vote of a majority of the members of the Audit Committee participating in any meeting of the Audit Committee is necessary for the adoption of any resolution.

The Audit Committee shall not transact business unless a majority of members present are resident Canadians.

The Audit Committee shall have unrestricted access to management and employees of the Corporation.

The Audit Committee shall hold regularly scheduled meetings at which members of management are not present. The Audit Committee is expected to establish and maintain free and open communication with management, the external auditor and the internal auditor and shall periodically meet separately with each of them.

The Corporate Secretary, his or her designate, shall act as secretary at Audit Committee meetings. Minutes of Audit Committee meetings shall be recorded and maintained by the Corporate Secretary and subsequently presented to the Audit Committee for approval.

4.0 Accountabilities and Responsibilities

The Audit Committee shall have the accountabilities and responsibilities set out below as well as any other matters that are specifically delegated to the Audit Committee by the Board.

4.1 Financial Reporting

- Review and discuss with senior management and the external auditor the annual audited financial statements, the external auditor's report thereon and the related management's discussions and analysis. After completing its review, if advisable, the Audit Committee shall approve and recommend for Board approval, the annual financial statements and related management's discussion and analysis.
- Review and discuss with senior management and the external auditor the Corporation's interim financial statements, the external auditor's report thereon and the related management's discussion and analysis. After completing its review, if advisable, the Audit Committee shall approve and recommend for Board approval, the interim financial statements and related management's discussion and analysis.
- Review and discuss with management and the external auditor the Corporation's annual and quarterly disclosures made in management's discussion and analysis. The Audit Committee shall approve any reports for inclusion in the Corporation's Annual Report, as required by applicable legislation and make a recommendation thereon to the Board.
- Review and discuss with senior management and the external auditor management's report on its assessment of internal controls over financial reporting and the external auditor's attestation report on management's assessment.
- Review and discuss with senior management and the external auditor at least annually significant financial reporting issues and judgments made in connection with the preparation of the Corporation's financial statements, including any significant changes in the Corporation's selection or application of accounting principles, any major issues as to the adequacy of the Corporation's internal controls and any special steps adopted in light of material control deficiencies.
- Review and discuss with senior management and the external auditor at least annually reports from the external auditor on: critical accounting policies and practices to be used; significant financial reporting issues, estimates and judgments made in connection with the preparation of the financial statements; alternative treatments of financial information within generally accepted accounting principles that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the external auditor; and other material written communications between the external auditor and senior management, such as any senior management letter or schedule of unadjusted differences.

- Discuss with the external auditor at least annually any “management” or “internal control” letters issued or proposed to be issued by the external auditor to the Corporation.
- Review and discuss with management and the external auditor at least annually any significant changes to the Corporation’s accounting principles and practices suggested by the external auditor, internal audit personnel or senior management.
- Discuss with management the Corporation’s earnings press releases, financial information and earnings guidance (if any) provided to analysts and rating agencies and any other material financial disclosure.
- Review and discuss with senior management and the external auditor at least annually the effect of regulatory and accounting initiatives as well as off-balance-sheet structures on the Corporation’s financial statements.
- Discuss with the external auditor any difficulties encountered in the course of the audit work, any restrictions on the scope of activities or access to requested information and any significant disagreements with senior management.
- Review and discuss with the Chief Executive Officer and Chief Financial Officer the procedures undertaken in connection with the Chief Executive Officer and Chief Financial Officer certifications for the annual and interim filings with applicable securities regulatory authorities.
- Review disclosures made by the Corporation’s Chief Executive Officer and Chief Financial Officer during their certification process for the annual and interim filing with applicable securities regulatory authorities about any significant deficiencies in the design or operation of internal controls which could adversely affect the Corporation’s ability to record, process, summarize and report financial data or any material weaknesses in the internal controls, and any fraud involving management or other employees who have a significant role in the Corporation’s internal controls.
- Discuss with senior management, at least annually, any legal matters that may have a material impact on the financial statements, operations, assets of the Corporation and any material reports or inquiries received by the Corporation or any of its subsidiaries from regulators or governmental agencies with respect to financial statements.

4.2 Oversight of the External Auditor

- Appoint or replace the external auditor (subject to shareholder ratification) and responsibility for the compensation and oversight of the work of the external auditor (including resolution of disagreements between management and the external auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The external auditor shall report directly to the Audit Committee.
- Pre-approve all audit services and permitted non-audit services (including the fees, terms and conditions for the performance of such services) to be performed by the external auditor. When appropriate, the Audit Committee may delegate to one or more members the authority to grant pre-approvals of audit and permitted non-audit services. The Audit Committee shall annually review any delegation of authority to grant pre-approvals of audit

and permitted non-audit services. Decisions of any member of the Audit Committee to whom this authority has been granted must be presented to the full Audit Committee at its next scheduled meeting.

- Evaluate the qualifications, performance and independence of the external auditor, including (i) reviewing and evaluating the lead partner on the external auditor's engagement with the Corporation, and (ii) considering whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the external auditor's independence. The Audit Committee shall present its conclusions with respect to the external auditor to the Board and, if so determined by the Audit Committee, recommend that the Board take additional action to satisfy itself of the qualifications, performance and independence of the external auditor.
- Obtain and review a report from the external auditor at least annually regarding: the external auditor's internal quality-control procedures; any material issues raised by the most recent internal quality-control review, or peer review, of the external auditor, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the external auditor; any steps taken to deal with any such issues; and all relationships between the external auditor and the Corporation.
- Review and discuss with management and the external auditor prior to the annual audit the scope, planning and staffing of the annual audit.
- Ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law.
- Review and approve policies for the Corporation's hiring of partners and employees or former partners and employees of the Corporation's current and former external auditor.

4.3 Oversight of the Corporation's Internal Audit Function

- Review and concur in the (1) appointment, replacement, reassignment or dismissal of the Head of Internal Audit; and (2) the performance evaluation and compensation of the Head of Internal Audit.
- Review with the Head of Internal Audit, the external auditor and senior management at least annually, the mandate, independence, qualifications, staffing and budget of the internal audit department and the internal audit department's annual work plan.
- Review the periodic reports of the internal audit department on internal audit activities and the results of its audits.

4.4 Oversight of Financial Information Complaints

- Establish procedures for the receipt, retention and treatment of complaints received by the Corporation regarding accounting, internal accounting controls or auditing matters, and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters.

- Discuss with senior management and the external auditor at least annually any correspondence with regulators or governmental agencies and any published reports which raise material issues regarding the Corporation's financial statements or accounting.
- Meet with the Corporation's regulators, in accordance with applicable law.
- Exercise such other powers and perform such other duties and responsibilities as are incidental to the purposes, duties and responsibilities specified herein and as may from time to time be delegated to the Audit Committee by the Board.

5.0 Delegations of Authority

The Committee shall recommend to the Board the duties and powers to be delegated to any subcommittee and/or to any employee of the Corporation.

The Committee shall review and report to the Board on any policy determined by the Committee, and the decisions made by a subcommittee, and/or by any employee of the Corporation and on the performance of any subcommittee and/or employee.

6.0 Performance Review

The Audit Committee shall annually review and assess and report on the performance of the Audit Committee and the adequacy of this Charter and, where appropriate, shall recommend changes to the Board for the Board's approval.

7.0 Independent Advisors

The Audit Committee shall have the authority to retain such independent advisors as the Audit Committee may deem necessary or advisable for its purposes. The expenses related to such engagement shall be funded by the Corporation.

8.0 Report to the Board

The Chair of the Audit Committee shall report to the Board on material matters arising at the Audit Committee meetings and shall present the Audit Committee's recommendation(s) to the Board for the Board's approval.

This Charter was approved by the Board on October 26, 2007.

This Charter was reviewed by the Board on February 11, 2008.

This Charter was reviewed by the Board on February 12, 2009.
